Avesi

Aversi" was founded on the 14th of November 1994. Upon the initiative of the founder, the company was named the Latin word that perfectly describes the company's principle: non-stop and sustainable development –spiral development .

Mission "To make your and your family's healthcare easier" - is the mission of "Aversi". In order to reach this objective, there is activated a multilateral

spectrum of the company's activities, including regional expansion and the establishment of new pharmacies in all cities all over Georgia. The realization of this objective is implemented, thanks to the fact that "Aversi" products and service are affordable and basically oriented on the people with low or medium income.

Vision Since the foundation day one of the main priorities of the company has been professional growth of the pharmacists, constant improvement of service and proper customer awareness. The launching of Online service is very comfortable for the customers. Besides, "Aversi" tries to reestablish forgotten tradition and recruit men in the sphere of pharmacy and that's why minimum one man is employed at every "Aversi" pharmacy.

Values The basic values of "Aversi" are: high-quality products and service.
